STOP!

You are going the *wrong way!*

Manga is a *completely* different type of reading experience.

To start at the *BEGINNING*, go to the *END!*

That's right! Authentic manga is read the traditional Japanese way--from right to left, exactly the opposite of how American books are read. It's easy to follow: just go to the other end of the book, and read each page--and each panel--from the right side to the left side, starting at the top right. Now you're experiencing manga as it was meant to be.
